

Spanish Serrano Ham & Ibéricos

April 2013 Brochure

Product references

Available for private branding

About our Serrano ham & Ibericos catalogue...

Serrano Ham is one of the most enjoyable and popular Spanish delicatessen, and a product highly appreciated in many countries of the world. But there are other variants like salchichon, chorizo or lomo that may not be so popular to the world, but which Spanish people have enjoyed on a day-to-day basis for centuries.

Whether your company is seeking to import delicious special food for your local market, or wish to pack Spanish Serrano Ham & Ibericos under your private brand, this catalogue is intended to provide a complete overview of some references available for Serrano Ham and other key Iberico products.

Further customization of the products like different formats, special features included in your private label, gift boxes or specific qualities might require extra costs. We also have whole pieces suitable for butchers' stores. All our products count with the international quality certificates commonly needed.

Please read the information inside and feel free to contact us with any questions you may have. Thank you for your attention.

Serrano ham (+8 months)

About us

MX2 Trading is an active exporter of Spanish olive oils, wines and food, known for its high quality products and the highest levels of professionalism in its promotion and execution of import/export transactions.

Our most in-demand products tend to be our Spanish **olive oils and wines**, but we also export a number of other products, with our suppliers maintaining a long tradition of the production of the **highest quality** Spanish products.

State-of-the-art food processing factories empower our ability to offer the best quality at **competitive rates** for other products such as: canned fish & seafood, Spanish Serrano Ham & Ibéricos, preserved fruits & vegetables, fruit juices, olives and pickles, Spanish traditional meals ready-to-eat...

Our team will be more than happy to assist you with any questions you have regarding products in **our catalogue**.
